Gower Campbell

Phone: 07714935387 | **Email:** Gower.Campbell@gmail.com   **Websites:** [GitHub](#) | [LinkedIn](#)

My Profile: As a recent career-changer, I am eager to pursue a career in IT to apply my diverse background and technical aptitude. My neurodivergent perspective provides a distinct advantage in creative thinking and maintaining a high level of focus on detailed tasks. My goal is to use my strengths in organisation and communication to provide reliable support and contribute my unique energy to an amazing team.

Experience:

Bootcamps | HyperionDev *(Completed)* **& #100Devs** *(Ongoing*) **|** *09/2024 - Present*

Through intensive Software Engineering training with HyperionDev (Completed) and #100Devs (Ongoing), I have gained IT development skills. My Github project demonstrates my learning through **HTML, CSS, Python, Django** and **SQL** with HyperionDev creating a full-featured [Sticky Note](#) web app with user registration and a separate command-line [Task Manager](#). With 100Dev I am honing my ability to handle data and document my processes, showing how I can complete challenges in a collaborative environment.

Teaching Assistant / Staff Member (Part-Time) | *Teach Agency /Greene King | 04/2024 – Present*

Provided direct one-to-one support to students in the schools I worked shortly at, providing assistance with their IT and helping to teach students in class, writing their reports and showing them how to handle difficult Math and English problems. While working in the kitchens of Greene King helping to keep spaces clean and prepared for getting meals out to customers on time, I also worked during disco nights, which are events run each month that involved customer service.

Store / SkyRally Volunteer | *Barnardo's Love Farm / Cambridge Gliding Centre | 09/2023 – 03/2024*

Assisted with administrative tasks at a local charity including organising book resells and data entry for gift aid registration. Often as well supporting events at the gliding club by preparing and organizing resources (e.g. cleaning camping vans, setting up tents) responding to needs, photographing sky gliders for the club promotion.

Student Ambassador / Graduate Production Assistant | *Norwich University of the Arts | 06/2021 – 08/2023*

Actively engaged with potential applicants at university events, taking tours and acting as a brand advocate for the MA in Film Studies to help drive enrollment. While assisting in graduate film projects setting up sets with cameras and sound.

Key Skills

Focusing on Client Needs: I can figure out what clients really want and help turn their goals into working solutions. I always think about the end-user, just like I did when building my own apps.

A Technical Bridge: Because I have developer skills, I understand how the technology works. This means I can explain technical details clearly to clients and work smoothly with the development team without anything getting lost in translation.

Creative Problem-Solving: I still use my filmmaker's approach to break down a problem so I can see the whole picture and map out a clear plan to get it solved from start to finish.

Learning on the Go: Demonstrated ability to quickly master new technologies from learning out of bootcamps.

Dedicated Supporter: Committed to supporting each member's success through clear communication and diligent tracking

Education

#100Dev: Web/Javascript Developer Bootcamp (2025) (Ongoing)

HyperionDev: Software Engineering (2024) (Completed)

Open University: Cybersecurity Level 1 – Introduction to Cyber Security (Completed)

Norwich University of the Arts: MA Film Studies (Merit), BA Film & Moving Image Production (2.2)

Lancaster Morecambe College: BTEC UAL Diploma in Creative Media Production (Distinction)

Al Yasmina, Abu Dhabi: AS-Level: Media Studies, Applied ICT, Art & Design

Harrow International School Beijing: 10 IGCSEs (A-C)

Accomplishments

"[Techincal Projects](#)"(**Featured**): A portfolio I've built, with each project showcasing my growth and skills as a developer..

"[Veiled Descent](#)" (**MA Project**): Built a multiple, narrative interactive Film demonstrating my creative planning skills

"[From the Roots of Aray](#)" (**BA Project**): Delivered a quality documentary that required diligent research on Heritage.
